

Enrichment in Year 5 & 6

Year 5 and 6 have been able to attend an array of trips and visits over the last year and are looking forward to many more.

In September 2022, all children visited the Harry Potter studios to give the children the inspiration to produce a range of writing in their Literacy lessons. In the Spring term, pupils in year 5 and 6 visited the Space Centre to launch their Science topic of 'Earth and Space'.

In the autumn term (2023), Year 5 pupils are looking forward to attending a trip the Black History Museum linked to their Victorian topic, whilst Year 6 will be attending a WW2 trip at Peterborough Museum.

During the summer, Year 5 experienced a day of outdoor adventurous activities at Tallington Lakes. The Year 6 children had the opportunity to attend the two-night residential to PGL Caythorpe, Lincolnshire. They participated in 3 days of high adrenaline activities including Jacobs ladder, zip-lining, and high ropes courses.

Year 5 and 6 pupils have the option to participate in a range of sporting activities throughout the year. All pupils have the chance to participate in different activities during sports week including laser tag, archery and the climbing wall. As a year group, we are regularly invited to Hampton College who host the local primary school sports festivals including football, netball and cross country. The school football team continues to compete against other schools including taking part in the Peterborough United EFL

Kids Cup. We have also had the opportunity for our Girls' Football team to play against different schools.
