

At Hampton Hargate school, we seek to provide all pupils with a broad and balanced RE curriculum to reflect the culturally diverse community that we represent. We must expose all children to different religions, cultures and belief systems. This will encourage a sense of identity and belonging amongst our pupils. Also, as they develop respect and an understanding towards different faiths, this challenges prejudices and promotes a child's ability to reflect, respond thoughtfully and evaluate. We are enabling them to consider their responsibilities towards themselves and others.

We consider our own and others' beliefs.

To experience and appreciate the richness of different religious traditions by visiting places of worship, role-playing and celebrating festivals.

To recognise how religious beliefs and practices have shaped societies, culture and history.

To have a sense of shared humanity.

We feel valued and included.

To be curious, open-minded and respectful towards others.

To ask questions about life's big ideas on identity, purpose, morality, and community.

To develop compassion and tolerance, enabling us to live harmoniously in a multicultural and multi-faith society.
