## YEAR 6 Enrichment

We would like to outline the extra-curricular trips and events for the children this year. These events are aimed at inspiring pupils and enhancing their learning. We believe passionately that they serve as an invaluable part of their education we offer at Hampton Hargate Primary School. These events are funded partly from our school budget but your contributions are crucial to enabling us to continue to offer them. Included in your child's enrichment is our fabulous **Science Week** with a visit from The Royal Institution where they will present an exciting show called EXPLOSIVE FOOD. Here the children will learn about food and its often explosive nature. They will find out about the incredible amount of energy contained in the food that goes in your mouth in this show packed with exciting chemistry and physics demonstrations. Parents will also have the opportunity to participate in a community show after school, which in previous years has been great fun!

### Autumn term 2026 – DT Make do and Mend

We are linking our DT work this term to our World War 2 topic and would like to children to use the skills learned through primary school to "make do and mend". We will be asking pupils to bring in an item that can be adapted or repurposed. Examples include an item of clothing that could be made into a scarf or an old shirt that is converted into a bag. A pillowcase or an old clean sock are also good items to adapt. Sewing equipment will then be provided to allow us to complete our creations.

### October 5th and 6th 2026 – Stibbington World War 2 Evacuation Day

Linking with our World War 2 History topic we are taking the children to Stibbington to learn about life as an evacuee. This will include a guided tour around the village and finding out about where real-life evacuees were sent to stay in order to escape the dangers of the Blitz.
We would really like pupils to dress up as evacuees to get into the spirit of the day. If you are unable to do this, then normal school uniform should be worn. Please ensure that your child brings warm clothing, has appropriate footwear on and a waterproof coat in case it rains.

Coaches will leave at around 9.15am and we anticipate returning to school by around 3pm. Children in 6DM and 6LW will go on 5th October while 6NM will go on 6th October.

**Cambridge Trip March 2027**

In the Spring Term we will be finding out about Cambridge in our Geography lessons. We will travel to Cambridge for the day on 16th March. While there we will spend time at the Zoology Museum and the University Botanical Gardens. This visit will give the children a chance to reinforce their learning in Science by learning about animals and plants while giving them a chance to see Cambridge firsthand so they can further understand what we've learned in Geography.

**Summer term 2027 – DT Mexican Feast**

Linking with our Geography unit on Mexico, we are planning a feast of Mexican food. Using their knowledge of the region, children will plan, prepare and sample a range of traditional snacks.

**Wb 17th May 2027 – Sports week**

Children will take part in several different sporting activities. They will develop their physical abilities, learn new skills and show their team spirit. Furthermore, they will engage in competitive activities, whilst promoting health, safety and physical fitness.

**July 2027 - Production**

Year 6 will put on their end of Year performance at the end of the summer term. This will be a memorable experience for the children as they showcase a range of different skills in front of their peers and parents. They will be immersed in acting, singing, dancing and dressing-up.

For all these extra-curricular events we are asking for a voluntary **contribution of only £16 per term** which can be paid through your ParentPay account when you give consent for your child to attend. Unfortunately, if we do not receive enough contributions we may have to cancel one of these events

Thank you for your continued support

Year 6 Team
