## KEY STAGE 1 UNDER THE JURASSIC SEA WORKSHOP

The children in Key Stage 1 thoroughly enjoyed their 'Dinosaurs' topic. To consolidate their learning, Peterborough Museum Outreach team visited them in school to carry out an 'Under the Jurassic Sea' workshop.

The children enjoyed handling fossilised remains of the plesiosaur, ammonite, ichthyosaur, belemnite and steneosaurus (Jurassic crocodile). The children also found out about what a palaeontologist does and what fossils tell us about living things from the past.
