KEY STAGE 1 GEOGRAPHY FIELDTRIP

Key Stage 1 went on a fieldtrip to explore our local area. We were great detectives who spotted a variety of detached houses, semi-detached houses, terraced housing and flats as part of our housing survey. Throughout the journey, we also enjoyed stopping and taking in what we could hear by listening carefully. We enjoyed creating our beautiful word pictures which described what we could see. To remember different parts of our exciting journey we collected a variety of items from crunchy leaves to miniscule pinecones and placed them on our journey maps.
